---

#### **Title**

Recommendation to Hearing Examiner  
**PORT STORMWATER TREATMENT SYSTEM - 14-0030**

#### **Report**

##### **Project Information:**

Upgrade the Port of Olympia Marine Terminals existing stormwater treatment system pursuant to the WA. State Industrial Stormwater General Permit. The treatment facility will include three-cell treatment pond, a new pump station and new force main, a control building, a sludge pond and decant facility, and repairs and modifications to the existing stormwater conveyance system and existing outfall.
