Background and Analysis:

At the request of City Council, each city advisory committee forwards a recommended Work Plan to City Council early in the calendar year. Advisory committee annual work plans are effective April 1 through March 31.

The Council-approved work plan establishes a set of tasks for PRAC during the twelve-month period. The Chair then coordinates with the staff liaison to establish a general calendar and agendas for each meeting. Note that during the course of a year it is possible for the Council to add new items to the work plan.

Additionally, according to the Advisory Committee By-laws, Chair and Vice-chair elections should take place every year in November or December, however since PRAC does not meet in either of those months it is included on the January agenda.
